

KEISER[®]
UNIVERSITY

Centre in India

AMERICAN DEGREE PROGRAMME

This is an exciting time for Students in the Undergraduate phase of their education journey. The opportunities and pathways that we at Keiser University Centre in India strive to offer our students are a culmination of the vision of the Group of student needs for a changing world and my diverse international background in education.

We have partnered with leading International Institutions to bring students in India an opportunity to benefit from researched global pedagogy and accredited faculty with multiple affordable, unique, and diverse pathways to meet the challenges of future careers.

In partnership with the Keiser University, Florida, U.S.A, we offer the American Degree Programme, which is the pathway to leading Universities across the US with access to careers in Media, Arts, Sciences, Engineering, Management, Computer Science, Business Analytics, Data Science & STEM to name a few.

So, I look forward to meeting you all, and welcome you to GIC to start your global leadership journey with us. We are with you all the way.

I wish you all the very best.

IAN DAVIES

KRITIKA MUDALIKAR
(2022-2024)

I chose to be a part of this program because Garodia International College is associated with Broward College. My interest lies in forensic science, but the Broward College allows me to explore a larger scope to explore other options as well.

from our Alumni

High School Educational Background: IBDP **Will be pursuing: Biochemistry**

Scan to hear
from our Alumni

I chose Broward College because in the first two years, I get to explore more subjects here and get more in-depth insights into all the courses that I am studying. My interest lies in computer science, so two years of exploration will give me more depth of what I want to do in the future.

MIHIR PATEL
(2022-2024)

High School Educational Background: Indian HSC board **Will be pursuing: Business**

AMARTYA JAGDHARI
(2021-2023)

I did a 2 year Associate Art program at GIC. It helped me narrow down what field I wanted to study in, and it helped me choose the subject by basically getting to observe how International faculty work and how they can help me. It was beneficial that Mr. Ian, the Dean of the college, helped us with the application and gave us guidance in choosing our transferred universities. One of the best part is interaction with the international faculty from all over the world, and they give views and opinions on how you can approach problems differently.

from our Alumni

High School Educational Background: IBDP **Graduation Major: Physics at Gold Dominion, Virginia**

VANSHI JASANI
(2018-2020)

It is much easier to transfer to any university and the three week courses really help you to learn each subject in detail. It also gives us enough time to study for each subject.

High School Educational Background: Cambridge IGCSE

Graduating Major: Criminal Justice at Florida International University

STUDENT TESTIMONIALS AT GIC

I chose Broward for two reasons: I got to stay back with my family for two more years and continue to pursue the American College Education program and it was much cheaper than doing all four years in the US.

High School Educational Background: IBDP

Graduating Major: Business at University of Toronto

TIARA PAWAN
(2018-2020)

IISHA KSHATRIYA
(2018-2020)

The 2+2 program is a great platform for Indian students to study the international course. Broward offers American-qualified teaching faculty and their teaching qualifications fulfill the norms set by the accrediting body, which is a great benefit. At the end of two years, I will be receiving an associate degree and will be able to apply to universities abroad with a slightly higher acceptance rate as I will be applying as a transfer student.

High School Educational Background: IBDP

Graduating Major: Cognitive Science with a specialization in Design and Interaction at university of California San Diego

JUHI WAERKAR
(2016-2018)

I finished my Cambridge at Utpal Sanghvi. While I wanted an American education, I was not ready to leave Mumbai because of my other interests. Fortunately for me, the Broward College program was ideal. I get to stay in Mumbai and still get an American education; what more can I ask for.

High School Educational Background: Cambridge IGCSE

ALINA IBRAHIM
(2014-2016)

Broward College had been an enthralling and a very different learning experience for me. I have discovered myself, my strength, talent and passion in regards to my career as well as an individual. In addition, I have befriended some wonderful souls who are my inspiration as well as aspiration. I will treasure this experience all my life, wherever I go, whatever I do.

Transferred to **AGNES SCOTT COLLEGE**

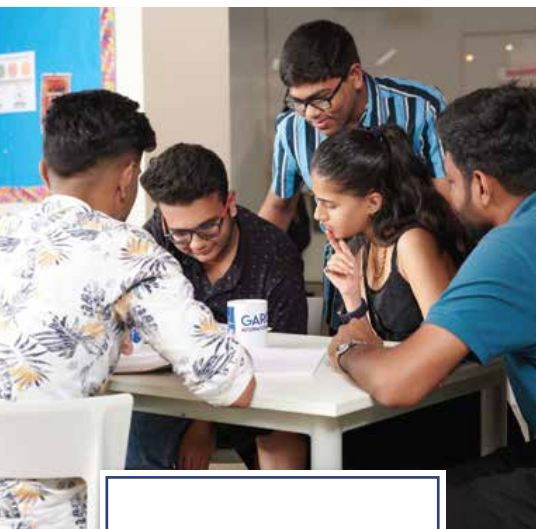

I was born and brought up in Wardha, Nagpur. I pursued my schooling in a CBSE school there till I shifted to Mumbai for my 11th and 12th standard. I was planning to fly abroad for my further studies but fortunately Broward College happened in Mumbai. I joined in August, 2015 and the experience so far is amazing. The professors here are very friendly and cooperative making it a beaming learning ground. I feel blessed to be a part of this institution.

High School Educational Background: Indian Board CBSE

SUJAY CHORE
(2015-2017)

WHY GARODIA INTERNATIONAL COLLEGE

- **Garodia Education** was founded in 1969 by Smt. Parmeshwari Devi Gordhandas Garodia. Garodia Education has a legacy of 50+ years of transforming education.
- **Garodia International College** was launched on the occasion of Garodia Education's 50th Anniversary to bring international undergraduate programme, prepare students for global leadership and explore a variety of global career paths.
- Since 2017, successful cohorts of graduates transferred to leading Universities in the USA and worldwide after an enriching experience at the Campus built for **innovative modern education** with 21st-century technology and methodology.
- Keiser University was founded by Dr.Arthur Keiser and Evelyn Keiser in 1977, when they set out to create a University to better serve adult learners seeking a career-focused education. In the past 45 years, Keiser University has become Florida's largest private, not-for-profit university with over 20,000 Students, 3,800 Employees and 66,000 Alumni.
- GIC in partnership with Keiser University, offers Undergraduate degree programs at its campus in Mumbai. We have had a strong association with Broward college in the past ensuring successful transfer rate for our students.
- GIC students can seek the opportunities they deserve and desire, whether it be majoring in Engineering, Science, Arts Business, Computer Science, Data Analytics, Economics or Psychology.
- GIC empowers students to achieve their international degrees and career goals through the program's partner Universities that they can transfer to across the world.
