Bachelor of Arts in

PSYCHOLOGY

The Bachelor of Arts in Psychology (BA Psych) offers a comprehensive and well- rounded education focused on understanding human behaviour, mental processes, communication, research, and academic writing. Blending strong foundational course work with specialized areas such as forensic, sports, and positive psychology, the program prepares students for graduate studies and diverse career pathways. With six concentration options Human Services, Developmental Psychology, Applied Behaviour Analysis, Healthcare and Fitness, Business, and General Psychology (availability may vary by campus) students can tailor their academic journey while developing critical thinking, ethical awareness, and the skills to apply psychological principles across professional and social settings.
